

DCR - Contributing Guide

coverage 98% release no releases or repo not found release date no releases or repo not found
github repo or version not found

1. License

In case of software changes we strongly recommend you to respect the license terms.

2. Process

1. fork it
2. create your feature branch (`git checkout -b my-new-feature`)
3. commit your changes (`git commit -am 'Add some feature'`)
4. push to the branch (`git push origin my-new-feature`)
5. create a new pull request
6. Action points to be considered when adding a new database driver and / or a new programming language:
 - README.md
 - Release-Notes.md

3. Notes on the Software Development Process
